Void Queen

by [MiaQc](#)

Summary

A microfic that seeks to develop the character of Queen Badiane and her past.

- A translation of [La Reine du Néant](#) by [MiaQc](#)

I watch the Black Dream Hole grow and smile.

Soon it will consume everything and end my suffering.

I am Queen Badiane, the Void Queen.

Since my birth, I was destined to rule a planet where no one wanted me.

My subjects mocked me.

The children called me "Queen Banane." (*"Banana" in French.*)

Apparently, Banane and Badiane rhyme together.

Ironic since one of my fairy servants has that name.

I was always sad, then one day I had this dream.

This wonderful dream.

Darkness surrounding me.

A powerful power in my hands.

A huge black hole that can destroy everything.

The Black Dream Hole.

My sadness is gone, giving way to anger and hatred.

I destroyed my planet without shedding a single tear.

Then I came to Earth to create the Black Dream Hole with the children's Sugar Energy.

The children sleep peacefully in the Dream Coffins.

They'll not suffer as I have suffered.

The Black Dream Hole continues to grow.

Nothing can stop it.

Nothing can stop me.

Soon, everything will be over.
